

Interview Project

Type out the question and each response.

Questions 1-5 are required.

You create Questions 6 & 7.

Mom

1. What do you think the most dangerous aspects of driving are?
Being distracted and speeding.
2. What do you think are the most common dangerous distractions?
Using cellphones and crying babies.
3. Other than inexperience, why do you think teenagers have far more collisions than any other age group?
Showing off to their friends while driving.
4. What types of things do other drivers do that upset you when driving?
Tailgating and putting me in harms way.
5. What are the most important statements of advice you would give to a new driver?
Follow the rules and be a confident driver.
6. *Do you use your phone while driving?*
No, only for a gas going somewhere.
7. *What is the scariest part about driving on interstates for you?*
The unpredictability of what other drivers will do.

Dad

1. What do you think the most dangerous aspects of driving are?
People speeding.
2. What do you think are the most common dangerous distractions?
People texting and animals on farms.
3. Other than inexperience, why do you think teenagers have far more collisions than any other age group?
They get more distracted from everything around them.
4. What types of things do other drivers do that upset you when driving?
When they have road rage and drive fast past me.
5. What are the most important statements of advice you would give to a new driver?
Try to not get distracted by phones and never drink and drive.
6. *Do you use your phone while driver?*
Sometimes I will if someone calls me, and to text someone. I have the talk thing on my car though.
7. *What is the scariest part about driving on interstates?*
When there is bad weather conditions, I will be cautious and watch for other cars in those conditions.
